

It's up to Hitchcock, and he is coming down to see about it.

The Dawes Commission will have to explain to the "old man."

Secretary Hitchcock will visit the Indian Territory within a week or so and see for himself whether the land office should be moved.

The Dawes Commission has taken the matter of moving the land office under advisement and will determine the matter next Tuesday.

The crowd at the land office has been a veritable jam for the last few days. The prospect of having to go to Tahlequah is not a pleasing one.

There is quite a lull in the matter of oil and mineral leases since the promulgation of the new rules by the Interior Department.

The members of the press could not fail to be impressed with the shy modesty of Muskogee people in blowing the town. She was as coy as a maiden of fifteen in complimenting herself.

The Indian Territory Press Association has just closed a successful meeting at Muskogee. Territory newspapers compare favorably in ability and general excellence with those of any state in the union.

TOM HOWIE DEAD.

Excentric Old Man Committed Suicide Early This Morning.

Tom Howie, widely known to the old settlers of this section, and aged seventy-five or perhaps eighty years, died by his own hand early this morning at his farm two miles south west of town. He shot himself in the breast and forehead and died instantly.

Deceased had been a sufferer from dropsy of the heart for some time and was informed by his physician that he could not recover.

Tom Howie was a unique character somewhat excentric in his philosophy of life, but kind hearted and generous to a fault. He was of English birth and spent many years in Australia before coming to this country. He had resided on the same farm for more than thirty years.

For liver trouble and constipation there's nothing better in creation Than Little Early Risers, the famous little pills. They always effect a cure and save doctor bills. Little Early Risers are different from all other pills. They do not weaken the system, but act as a tonic to the tissues by arousing the secretions and restoring the liver to the full performance of its functions naturally. A W Foreman. dw

There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S Crick, of White Plains, Ky, writes: "I have been a dyspeptic for years—tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once, and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like. Kodol digests what you eat and makes the stomach sweet. A W Foreman. dw
